

MATERIALS

Use NO foams.

Purchase from sustainable sources where possible.

Use NO added chemicals or solvents (spray adhesives).

Analyse and source all our raw materials with utmost care assessing their suitability and impact on the environment and human health.

Use raw materials that produce the minimum off-gassing.

Comply with and surpass all fire, safety and environmental regulations.

Clearly label products as bio-degradable & meeting the Stockholm Agreement for recycling.

Work closely with our suppliers to ensure their products meet our exacting standards of hygiene and natural fibres.

Locally source mattress fillings such as Dartmoor wool, where possible.

Ensure we fully understand any processing methods involved in the creation of all our raw materials.

Continually assess the added value and benefits of 'organic' materials.
